INTRODUCTION

The National PBC Funding and Training Guide brings together information about funding opportunities, training programs, services and other resources that may be useful to Prescribed Bodies Corporate (PBCs), also known as Registered Native Title Bodies Corporate (RNTBCs).¹ This guide was developed in response to recommendations from PBCs at national and regional meetings for more information about funding and training opportunities. This guide is designed to be used primarily as an on-line resource and throughout the guide you will find links to access additional on-line information. This toolkit includes information about:

- Grants (government and other funding)
- Grant writing assistance
- Training information
- Other assistance

In addition to the National PBC Funding and Training Guide there are also guides for:

- [New South Wales](#)
- [Northern Territory](#)
- [Queensland](#)
- [South Australia](#)
- [Victoria](#)
- [Western Australia](#)

The [PBC website](#) provides other useful information, including:

- A timeline of legislation and government policy for PBCs
- Profiles of each PBC
- Information about upcoming events for PBCs
- Monthly summaries of relevant news articles about PBCs

The PBC website is currently being looked after by the Native Title Research Unit at AIATSIS, who also coordinates a national email network of PBCs. Further information about PBCs can be found through the AIATSIS Native Title Research Unit's [Prescribed Bodies Corporate page](#) and [Native Title Information Handbook](#).

¹ The term Prescribed Body Corporate (PBC) derives from Part 2 Division 6 of the *Native Title Act 1993* (Cth) (NTA), which provides that a Prescribed Body Corporate must be determined to manage native title rights and interests. The Native Title (Prescribed Bodies Corporate) Regulations 1999 prescribe the form or types of bodies that may be nominated when a determination recognising native title has been made. The term Registered Native Title Body Corporate (RNTBC) derives from the NTA and describes the organisation that is determined by the Court and entered on the National Native Title Register. Under the *Corporations (Aboriginal and Torres Strait Islander) Act 2006* (Cth) an RNTBC will be required to have the words 'registered native title body corporate' or the abbreviation 'RNTBC' as part of its name. For the purpose of this document from this point forward the abbreviation PBCs will be used to refer to both Prescribed Bodies Corporate and Registered Native Title Bodies Corporate.

1 FUNDING

This section provides an overview of funding assistance available for PBCs. It covers:

- Searching for government and other grant funding
- Relevant grant funding for PBCs
- Sources of grant funding assistance

1.1 Searching for grant funding

The tables below provide links to assist PBCs to search for grant funding available from the Australian Government and from non-government organisations and the private sector. Table 1 provides links to a number of searchable databases. Table 2 provides links to Australian Government department grant funding websites.

1.2 Relevant grant funding for PBCs

The tables below provide details of grant funding offered by the Australian Government and other sources for activities related to the exercise of native title rights and interests. Links are provided to each program website. While every effort has been made to ensure that details are correct, users of this guide are advised to contact the relevant organisation or visit the relevant website to confirm program details and closing dates.

It is important to note that the Australian Government introduced the Indigenous Advancement Strategy (IAS) on 1 July 2014. The IAS replaced more than 150 individual programs and activities with five broad-based programs:

- Jobs, Land and Economy
- Children and Schooling
- Safety and Wellbeing
- Culture and Capability
- Remote Australia Strategies

Most Indigenous-specific funding available through the Australian Government can now be applied for through the IAS which is administered by the Department of the Prime Minister and Cabinet (PM&C). The IAS Grant Guidelines were finalised in March 2016. Relevant PBC funding policies can be found in Section 22.1 (Jobs, Land and Economy). Further information about the IAS can be found at:

<https://www.dpmc.gov.au/resource-centre/indigenous-affairs/indigenous-advancement-strategy-grant-guidelines-march-2016>

3 OTHER ASSISTANCE

Native title holders, through PBCs, may seek to establish relationships with a range of organisations that may be able to provide assistance, advice, information or resources.

Key sources of assistance for PBCs are Native Title Representative Bodies (NTRBs) and Native Title Service Providers (NTSPs). The roles and functions of NTRBs and NTSPs include providing assistance to native title holders in relation to native title applications, future acts, Indigenous land use agreements, rights of access and other matters.

The National Native Title Tribunal [map of native title representative body regions](#) highlights jurisdictional boundaries.

The table below provides a list of all NTRBs and NTSPs across Australia by state/territory and region.
